Minerals—G. V. Chandler.

HUMPHREY FOUND GUILTY.

The jury think he had violated the Anti-Lottery Law.

The trial of James A. Humphrey, president of the Arlington Co-operative Brokerage Company, on a charge of setting up a lottery, was finished in the Police Court yesterday afternoon.

The office of the company, as heretofore published, was located at No. 630 F street and the company was operated by forming series of clubs, the members paying a dollar each week until they had either paid in \$35 or were among the lucky ones whose policies matured before they had contributed \$35, in which event they were entitled to \$31.50 or an order for \$35 worth of merchandise.

The company was operated in a manner somewhat similar to the watch clubs, which have been held by the courts to be in violation of the lottery law.

The rooms of the company were raided by Lieut. Kelly and Precinct Detective Raff and from the time taken by the officers Lieut. Kelly learned that in no case had the company paid out more than \$35.

According to the police statement No. 331 was the last number marked paid, and between that number and No. 567 the books showed that there were 119 who had paid their \$35, but who had not received any money from the company.

The was one man, whose name appeared in series 2, 3 and 4 holding ten policies, and he had paid in \$67 and had received \$315.

When the case was called for trial the defendant was represented by Mr. W. P. Williamson.

The prosecution was conducted by Assistant District Attorney A. B. Mulloway.

A number of witnesses were examined on either side and counsel for the defense offered several prayers, which the court passed upon.

The verdicts were made by counsel, and the jury after hearing the instructions of a court returned a verdict of guilty in a few minutes.

Counsel gave notice of a motion for a new trial and was given four days in which to file his motion.

John C. Brown, one of the most extensive logging contractors in the northwest, has failed. His liabilities will reach \$115,000, and the nominal sum of \$60,000.

Willie Hermann, who committed an outrage on an eleven-year-old girl, has been lynched by a mob in Appalachia.

George Hermann has been re-elected to Congress from Oregon.

To REPAIR: All mendable hair of a natural color to a good age the hygiene of the scalp must be observed. Apply Half's Hair Remover.
